FPG CHILD DEVELOPMENT INSTITUTE

FPG Mission

Every child deserves a safe, healthy, and stimulating childhood. Our work is dedicated to making this a reality for all children. FPG Child Development Institute studies the most important issues facing young children and their families and uses this information to enhance policy and improve practice. Our goal is to ensure that all children have a strong foundation for academic success and full participation as caring and responsible citizens in a multicultural world.

MULTIMEDIA PERMISSION

I give my consent for the FPG Child Development Institute at The University of North Carolina-Chapel Hill (UNC-CH) to photograph or video my child and/or me. I understand that the photographs, digital images, or audio/video segments may be used in print or electronic media (e.g., open access on the web). I give FPG and UNC-CH permission to publish, exhibit, and distribute these materials. Possible uses include educational, research, development, public service, or training activities, under the overarching vision and mission of FPG*. I understand that UNC-CH owns the copyright to the multimedia material in which I, or my child, may appear. FPG has developed a set of media policies and guidelines to assure that users “convey positive images of children and reflect early childhood recommended practice.”

Children in photographs will not be identified by name without the express written permission of parents/guardians.
